

# ACTIVATION INSTRUCTIONS

[www.seavusprojectviewer.com](http://www.seavusprojectviewer.com)

Please be advised that in order to successfully activate your licenses, you will need to have read/write privileges for the registry.

Two options are available:

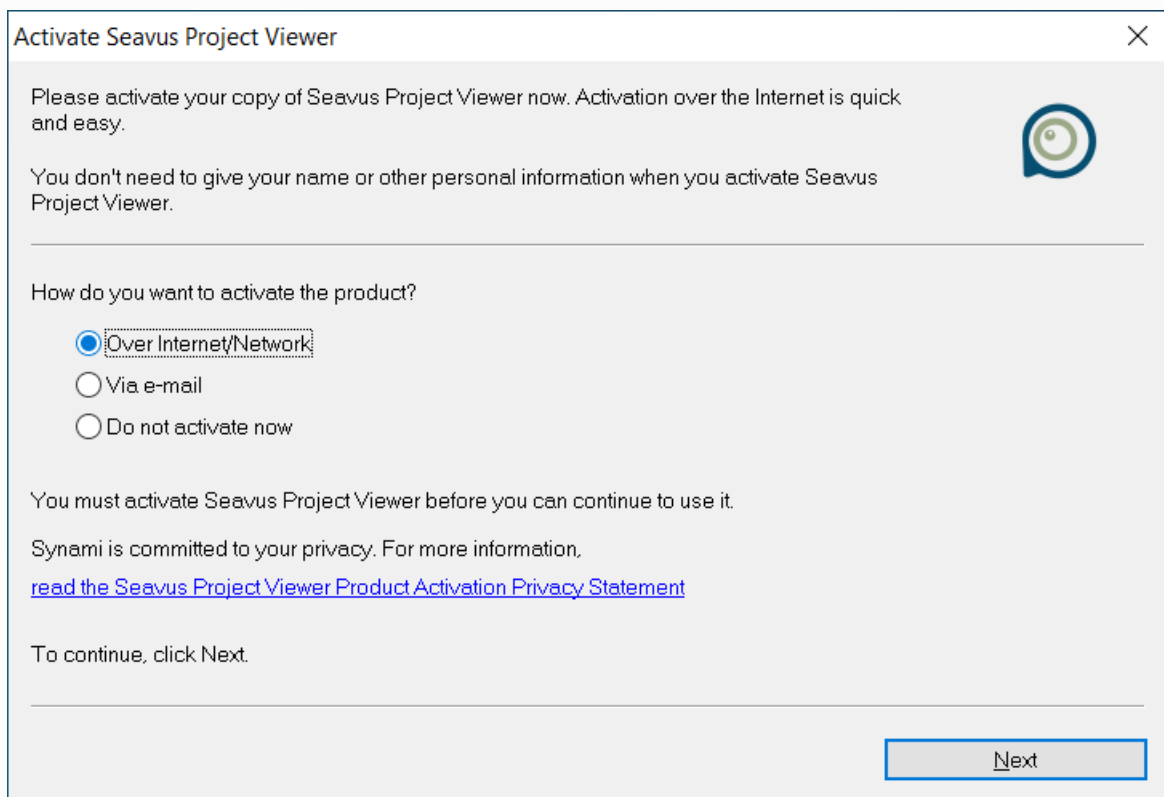

- Activation over internet;
- Manual Activation

## Activation over Internet

After you have installed Seavus Project Viewer™, you need to activate it. To activate Seavus Project Viewer™ over internet, follow the instruction steps below.

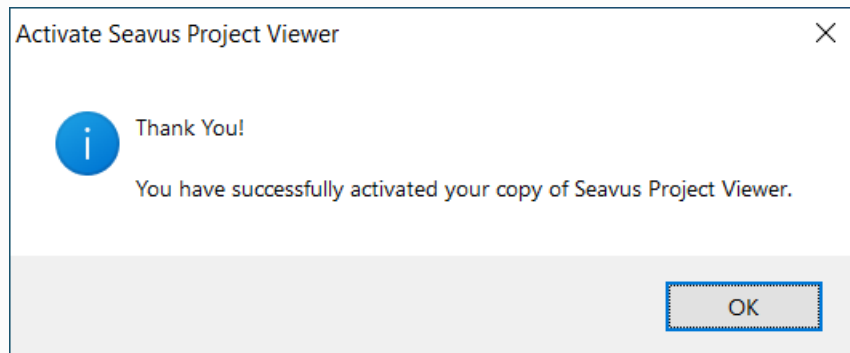

### **STEP 1) ACTIVATE**

In the "Activate Seavus Project Viewer" dialog, select the "Over Internet/Network" and click "Next":

A screenshot of the "Activate Seavus Project Viewer" dialog box. The window title is "Activate Seavus Project Viewer" with a close button (X) in the top right corner. The main text reads: "Please activate your copy of Seavus Project Viewer now. Activation over the Internet is quick and easy." Below this, it says: "You don't need to give your name or other personal information when you activate Seavus Project Viewer." A horizontal line separates the text from the activation options. The question "How do you want to activate the product?" is followed by three radio button options: "Over Internet/Network" (which is selected), "Via e-mail", and "Do not activate now". Below the options, it states: "You must activate Seavus Project Viewer before you can continue to use it." and "Synami is committed to your privacy. For more information, [read the Seavus Project Viewer Product Activation Privacy Statement](#)". At the bottom, it says "To continue, click Next." and there is a "Next" button in the bottom right corner.

### **STEP 4) "THANK YOU" DIALOG**

If the License Key is valid and the activation passed successfully, you will be notified with the following pop-up:

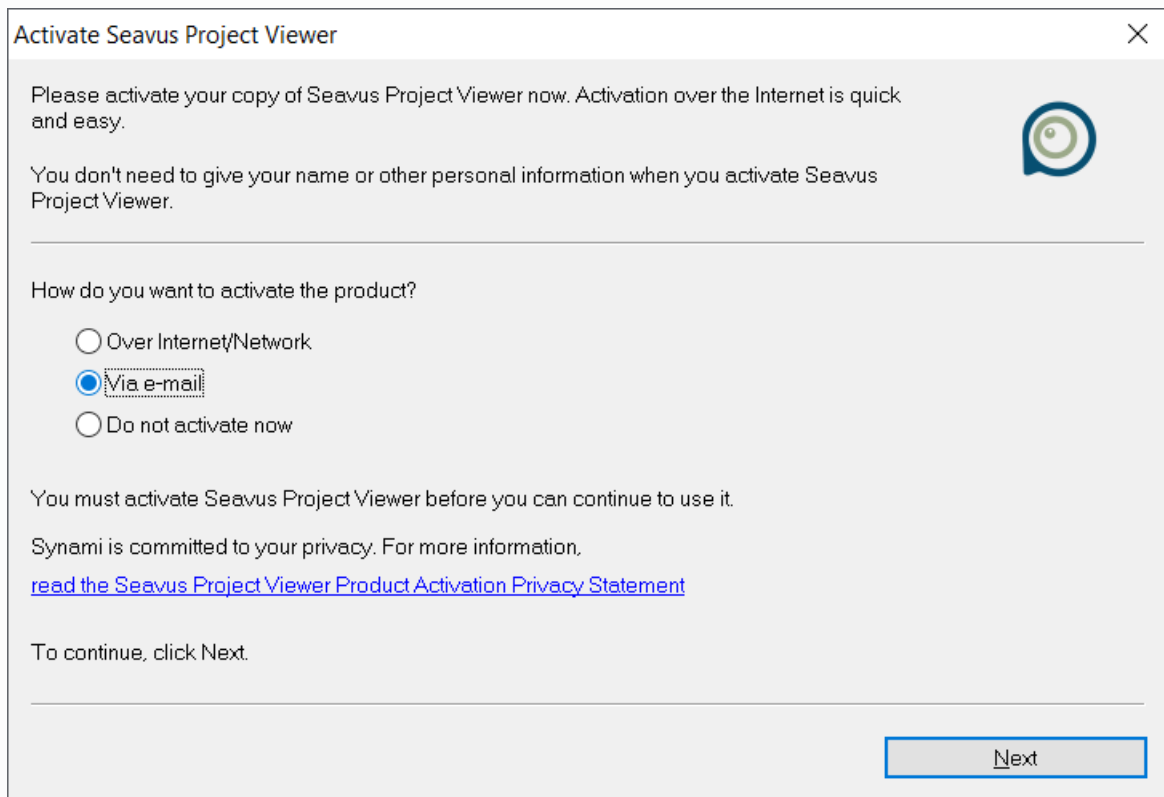

## Activation via email

In order to successfully activate your Seavus Project Viewer™, you will need to have read/write privileges on the registry. We recommend you to have Administrator privileges.

To manually activate Seavus Project Viewer™, follow the instructions steps below:

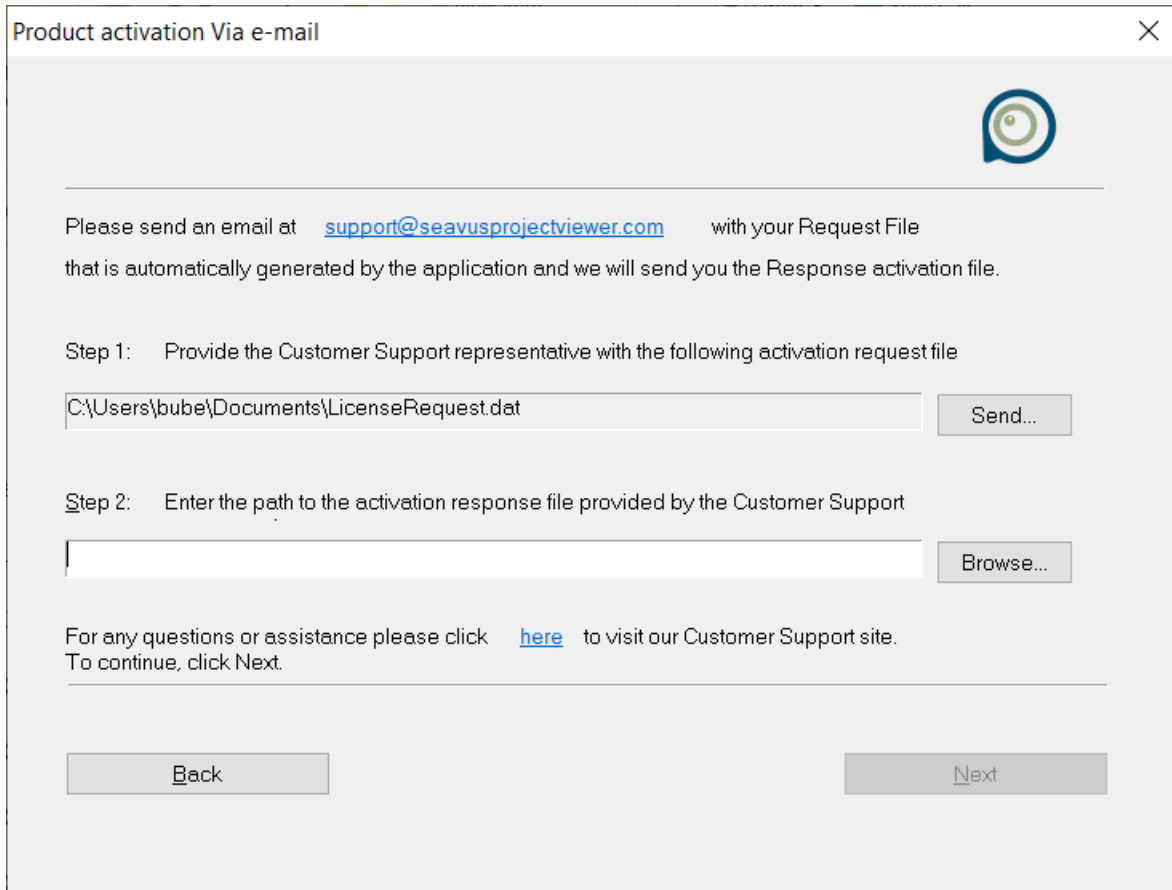

### **STEP 1) ACTIVATE**

In the "Activate Seavus Project Viewer" dialog, select the "Via e-mail" and click "Next":

## STEP 2) REQUEST FILE

The “LicenseRequest.dat” off-line requested file is automatically created. In order to send the content of the “LicenseRequest.dat” file to the Support team, click on the “Send” button. Your default email client will open a new message with the content of the “LicenseRequest.dat” file body text along with the license key. Please, send this email to [support@seavusprojectviewer.com](mailto:support@seavusprojectviewer.com)

Product activation Via e-mail

Please send an email at [support@seavusprojectviewer.com](mailto:support@seavusprojectviewer.com) with your Request File that is automatically generated by the application and we will send you the Response activation file.

Step 1: Provide the Customer Support representative with the following activation request file

Step 2: Enter the path to the activation response file provided by the Customer Support

For any questions or assistance please click [here](#) to visit our Customer Support site.  
To continue, click Next.

## STEP 3) RESPONSE FILE

Once we receive your request, we will generate the response file and send it back to you. Once you have received e-mail from our support team, download the response file on your PC. Import the request file in the appropriate field and click on the “Next” button.

Product activation Via e-mail

Please send an email at [support@seavusprojectviewer.com](mailto:support@seavusprojectviewer.com) with your Request File that is automatically generated by the application and we will send you the Response activation file.

Step 1: Provide the Customer Support representative with the following activation request file

Step 2: Enter the path to the activation response file provided by the Customer Support

For any questions or assistance please click [here](#) to visit our Customer Support site.  
To continue, click Next.

#### STEP 4) "THANK YOU" DIALOG

If the License Key is valid and the activation passed successfully, you will be notified with the following pop-up:

Activate Seavus Project Viewer

Thank You!

You have successfully activated your copy of Seavus Project Viewer.
